

## What is Rotary

Rotary is one of the world's largest and most active service clubs. Rotarians are people who balance their family and work with community activities.

Rotarians enjoy making contributions to their local communities, to youth and to international projects. Rotarians enjoy working and socialising with people

The Salisbury Bows Club  
Ainsworth St, Salisbury

The Rotary Club of Salisbury meets  
here on Wednesday evenings, 6.00pm  
for 6.15pm start.

## What Do Rotarians Do

### Help

Rotary club members are volunteers who work locally, regionally and internationally to combat hunger, improve health and sanitation, provide education and job training, promote peace, and eradicate polio under the motto Service Above Self.

### Learn

By using their skills and expertise, members enhance their professional networks, career development and cross-cultural understanding.

### Enjoy

Members enjoy seeing the positive impact of their work, while building life-long friendships and having fun.

## Why Should I Be Involved

Rotary brings together likeminded people to provide a broad range of social, humanitarian, intercultural and educational assistance to improve communities worldwide. Rotarians build life-long friendships and make it a priority to have fun while helping others.

### Are you an established professional wanting to make positive changes to your community and around the world?

Becoming a Rotarian connects you with a diverse group of professionals who share your drive to give back, over a meal or coffee, or even online.

### Are you a student or young professional looking to grow your leadership skills?

We have clubs and programs that can help you increase these skills, gain world understanding, and make lifelong friendships, all while making a real difference in your community.

### Are you interested in sharing your unique skills and experiences with others in your community?

Rotary unites people from all continents, cultures, and occupations—it's truly one of our greatest strengths. Our members are leaders in their fields and communities.
